THE FATHER OF PRESIDENT MCKINLEY DECLARES HE HAS NOT VOTED.

In His Home for the Remainder He Was Visited by a Majority of Lifelong Municipal Enemies in Masses, Both and Whole—Hearty Words Wishing for Him—Several Indictments from the Court of Politics.

CANTON, O., March 5.—(Special.)—Only West Park, the township of "Golden" of precinct fame," was counted solid in the race for the Mayoralty of Canton in the city election by which the Democratic candidate, Charles J. Bow, by the Democratic candidate, Charles J. Bow, with a majority of 1,200. It was a Chamber, with a majority of 1,200. It was a fight of wide national significance, and probably one of the most bitterly contested municipal contests in the Presidential year. Democrats and Republicans, both claim victory. The campaign was not waged, and the result will not be known officially until the votes have been canvassed. Democrats claim that the election of Bow will be a necessary step to put the party in power in the county Presidential election.

The fight was kept out of sight until the voting began. The price fixed, which is under the orders of Chairman, the primary there made no effort to stop the free distribution of liquor, and the hotels and saloons were also disappointed their guests entered gave to any man who would cast a vote against him. Fearing that Bow at the head of the ticket the anti-Democratic managers of the city have not everything and gained control. There were two wards in the city of Canton that were Democratic—the Fifth and Sixth—which, with a majority of 1,200 in the Democratic headquarters, have elected the Democratic candidate for Mayor. Both wards are largely foreign, and have elected the Democratic candidate for Mayor. Both wards are largely foreign, and have elected the Democratic candidate for Mayor. GOVERNMENT TESTS.

The Royal Baking Powder Declared Superior to All Others.

The fact that Royal Baking Powder is, in all respects, the best baking powder offered to the public has been established beyond question.

Prof. R. A. Mott, when employed by the U. S. Government to analyze the various baking powders of the market to determine which was the best and most economical, after an extended investigation, reported in favor of the Royal, and it was adopted for government use.

Prof. Mott has continued his examinations of baking powders sold at the present day, and now affirms it as his deliberate judgment, arrived at after most thorough research, and a careful examination of the principal brands of the market, that the Royal is unhesitatingly the purest and most reliable baking powder offered to the public. Prof. Mott, in his recent report says:

"The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for that company and the U. S. Government.

"I will go still further and state that, because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation, the Royal Baking Powder is unhesitatingly the purest and most reliable baking powder offered to the public.
